Good Morning Gentlemen,

I would like to take a moment to make introduce the new IT support for DES. They are Shannon Casucci who will be taking over as COR and assisted by Khzemias Atif and Bill Shah who will be taking over as the Program Manager as I prepare to move to another organization. If there is time on your calendars this week I would like to setup a call to formally introduce the new IT team. I will continue supporting over the next two weeks but these individuals will be the primary point of contact on anything contract or program related. Please let me know what your schedules look like and who you would like in attendance.

Thank you and it has been a real pleasure working with you all!

Hayes,

Are there any open opportunities we can take by the end of the week or early next week to make introductions? Please let me know and I'll get something coordinated with the new members of the team.

Thank you,

Sure thing. I am free Friday afternoon, or all day Monday of next week if either of those work for you.

@Mike Paul @Justin Ludlow – do you have availability during either of those timeframes?

Best,

Hayes

I am traveling internationally so I am not available until the end of next week at the soonest.
